## A Percussionist's Guide to Check Patterns

From beginner to advanced skill levels, Thom's new book *A Percussionist's Guide to Check Patterns*, is designed to help percussionists at any level perfect their craft.

Written for non-pitched percussion, keyboard and drumset, the book provides a systematic approach to sticking rhythm patterns – ideal for developing reading skills, coordination and syncopation control. The book is accompanied by a CD for rehearsal and individual practice and also includes a Vic Firth Check Patterns poster.

Students will work from both *A Percussionist's Guide to Check Patterns* and Thom's other book, *Championship Concepts for Marching Percussion*, throughout the Seminar. Both of these required books may be purchased at Seminar check-in.

## Section Leader Program

The Mobile Percussion Seminar offers a Section Leader program designed to provide the students with tools to lead your percussion section after the Seminar concludes. These daily interactive sessions will challenge your section leaders with real life examples to develop leadership skills.

Please indicate on the Registration Form if you would like to be included in the Leadership Training sessions.

To pre-register, complete this form and send with a \$100 non-refundable deposit payable to:
